

Hand Sheep Craft

Materials Needed:

Black construction paper
Light colored pencil
Cotton balls
Glue
Scissors

Instructions:

The four fingers will be the legs of the sheep and the thumb will be the head of the sheep.

Have students place one hand with fingers spread on the black paper and trace around their hand with a light colored pencil. Cut the hand print out. Put a thin layer of glue on the palm of the construction paper hand. Pull cotton balls apart slightly to fluff, place them onto the glue. Draw an eye on the thumb which is the head of the sheep. Let glue dry.
