

# Mother's Day Kiss Rose

## Materials

Hershey Kisses-2 per  
rose  
Sheer colored  
cellophane paper cut  
into 5" squares  
Green Floral Tape  
Floral wire - 12" long  
Rose leaves

## Instructions

Take 2 kisses with flat ends together, wrap them with the cellophane square twist tightly at the bottom. 1 kiss should be facing up and the other facing down. Twist one end of the wire around the cellophane twist. Wrap the floral tape around part of the bottom kiss, the twisted cellophane and the wire. Be sure to stretch the tape as you go or it wont stick. Add the leaves about 1/3 of the way down the stem. When you get to the bottom of the wire, break off the tape and fold the excess tape up and wrap around the stem.
